Appreciation

When a family has lost a loved one, they are exposed to many scenarios. People pour out their hearts to express their heartfelt condolences. Some do it by words and others by actions and deeds. We, as a family, found ourselves in this kind of situation when we lost our youngest daughter, Sipokazi, when she was involved in a car accident in Pretoria.

We were required to get a police report in order to fulfil some legal obligations. The assistance I received from the Communications Section of the Queenstown Police was more than words can express.

Superintendent Gcinikaya Taleni, who assisted me in this process, painted a picture of a young officer who, without a doubt, has a bright future in the Police Service. His smile and humour while serving you makes you forget about your grief for a while. God Bless you, young man. The family would like to express a sincere word of gratitude to all the people who assisted in whatever way possible, including attending the memorial service. Your actions have been greatly appreciated by the family.

Notice of appreciation

I would like to use this opportunity to thank all members of the Strandfontein South African Police Service. As a resident of Bayview for the past 5 years (and former SAPS member) I am witness to a Service that deserves recommendation.

There are constant operations to combat the use and selling of drugs in this area. There is also a sense of calmness in respect of violent crimes that are so evident in other suburbs. There is respect over holidays and festive seasons.

A special thanks to Management who is willing and able to lead in example with a positive outcome, which is witnessed on a daily basis in the area. Thank you for the excellent Service that you provide to us.

(Letter received via
Journal Online)**

Thank you Table View Police

Thank you to the Table View Police Station for all their help and great assistance regarding my flatlet that got robbed. Their service was outstanding and they were extremely efficient. Thank you once again for your help.

C De La Harpe

Excellent work done by Snr Supt Moodley

I am writing to advise you that the named member of the SAPS is doing excellent work. I appreciate the assistance given to him by the Provincial Commissioner and yourself. I am a Councilor in the City of Johannesburg and I found that Senior Superintendent Moodley, the Station Commissioner at Lenasia, is one of the most dedicated and disciplined members of the SAPS. Many people have advised me that their interaction with the said Senior Superintendent has always been professional. Many drug dealers in the area are very upset, as he is unrelenting in his objective of ridding the area of drugs and criminals. I congratulated Supt Moodley in one of our council meetings and advised the Provincial Commissioner of that.

I am writing this to the journal and will certainly write to the National Commissioner about this outstanding member of the SAPS. I believe he is a credit and he should be given due recognition. I appreciate the effort and dedication he is putting into his work and to make him more efficient and knowledgeable, I am advised that he is doing additional studies. The crime stats in his policing area has been reduced and that is certainly a very healthy sign. I am convinced that with his crime fighting strategy and tactics and with appropriate support he will be able to bring crime to even lower levels. Commissioner Selebi, too often people complain and never acknowledge the excellent work done by members of the SAPS. That's ok for them - as for me and many public representatives like me - we understand the tremendous work and huge challenges confronted by you and your teams in each policing area. We not only understand them but also continue to offer whatever support and encouragement we can provide. Have a brilliant week and do not hesitate to communicate with me if there is anything I can do to assist you or your members.
