5. REQUEST FOR ACCESS TO A RECORD HELD BY OR UNDER CONTROL OF THE SERVICE

5.1 PURPOSE OF THE ACT

The purpose of the Act is to give effect to the constitutional right of access to any information held by the State and any information that is held by another person and that is required for the exercise or protection of any rights. The object is to foster a culture of transparency and accountability in public and private bodies and to actively promote a society in which the people of South Africa have effective access to information to enable them to more fully exercise and protect all of their rights.

5.2 INFORMATION THAT MAY BE REQUESTED

Any existing recorded information may be requested, —

(1) regardless of form or medium;
(2) in the possession or under the control of the Service or another public body; and
(3) whether or not it was created by the Service or that public body.

5.3 APPLICATION OF THIS ACT

(1) EXCLUSION OF A PROVISION OF OTHER LEGISLATION

This Act applies to the exclusion of any provision of other legislation that may prohibit or restrict the disclosure of a record and which is materially inconsistent with a provision of this Act.

(2) CRIMINAL - OR CIVIL PROCEEDINGS

In terms of section 7 of the Act, this Act does not apply to a record of the Service if —

(a) that record is requested for the purpose of criminal or civil proceedings;
(b) so requested after the commencement of such criminal or civil proceedings, as the case may be; and
(c) the production of or access to that record for the purpose referred to in paragraph (a) is provided for in any other law.

Any record obtained in a manner that contravenes subsection 7(1) of the Act, is not admissible as evidence in the criminal or civil proceedings referred to in that subsection unless the exclusion of such record by the court in question would, in its opinion, be detrimental to the interests of justice.

Criminal proceedings commence when the case is registered on the CAS system or in the Crime Register of the Service. Civil proceedings commence after summons or other process has been issued, including after a notice of the intended institution of legal proceedings against the Service [in terms of section 3(1) of the Institution of Legal Proceedings against Certain Organs of State Act, 2002 (Act No. 40 of 2002)] has been received. The normal discovery procedure must be followed, or if applicable, a *subpoena duces tecum* or summons, to obtain access to the record in such a civil case. It must be noted, however, that before a summons or other process has been issued or a notice in terms of the aforementioned Act has been received, the Act will apply to any request for access to a record, even if the request is made with a view to institute civil proceedings.

A registered **grievance** by an employee of the Service and **disciplinary proceedings** that commenced, are regarded as civil proceedings (ie if the grievance is registered or if the disciplinary proceedings has commenced, the Act does not apply for access to records for such proceedings – the Labour Law is applicable to grievances and the Disciplinary Regulations of the Service are applicable to disciplinary proceedings).

(3) GROUNDS FOR REFUSAL TO ACCESS OF RECORDS

Chapter 4, "Grounds for Refusal to Access of Records", of this Act provides for limitations in terms of which a request for access to a record must or may be refused.

(4) LABOUR UNIONS

A labour union is entitled to have access to certain records in terms of section 16 of the Labour Relations Act, 1995 (Act No 66 of 1995). The Act does not apply when a labour union requests access to records to assist an employee in grievance or disciplinary proceedings (access is available, free of charge, in terms of the Labour Relations Act, 1995 (Act No 66 of 1995).

(5) ACCIDENT REPORTS (AR/OAR)

If the Service has already forwarded the accident report to the Transport Department or other relevant department or institution (eg Metro) when the request is received, the deputy information officer will transfer the request to the relevant department or institution. Where the requester is present in person, he or she may be informed that he or she may request the report directly from the relevant department or institution.

The prior consent of the public prosecutor is not needed to grant access to the accident report contained in an open docket to a party that was involved in the accident or to his or her representative or person authorised by him or her (if documentary proof was given). The Road Accident Fund or its representative must provide a written request (eg a letter on their letter head) and all records regarding the accident are provided free of charge to the Road Accident Fund.

If the record is still in the possession or under control of the Service, the records may be obtained by the authorised person on request in writing on the prescribed request form or the SAPS 512(n) addressed to the relevant office of the Service.

The following persons are deemed to be authorised persons:

(a) an involved party in the accident (eg driver, passenger, pedestrian, cyclist, owner of the vehicle, owner of the animal involved in the accident, etc) if he or she can prove that he or she is an involved party;

(b) any private ambulance service, medical service provider, emergency service or towing service that provided such a service to a party involved in an accident, if such private service can provide written proof that such service was rendered; or

(c) a person who is not an involved party or the private ambulance service, medical service provider, emergency service or towing service referred to above, only if he or she has written permission or

authority of an involved party (eg an attorney who provides the relevant power of attorney to act on behalf of the person and a copy of the client's ID).

(6) POLICE DOCKETS

OPEN DOCKETS

(a) **The Act does not apply** to a request for access to a record contained in a police docket if the request is made by or on behalf of a person who is a **suspect** or the **complainant/victim** in that investigation. A request for a copy of a record contained in a police docket by a person who is a suspect or the **complainant/victim** in that investigation, will, if it is a request for access to —

(i) a statement made by the said suspect or the **complainant/victim** himself or herself in that investigation, be granted or

(ii) any other record in the docket, be referred to the public prosecutor together with the police docket and the recommendation of the investigating officer concerned (with regard to the question whether access should be granted or be refused) and, if applicable, the reasons why access should be refused.

(b) **The Act does apply** to a request for access to a record contained in a police docket if the request is made by **someone else** than the suspect or the **complainant/victim** or a person acting on behalf of such suspect or the **complainant/victim** in that investigation.

CLOSED DOCKETS

The Act does apply to a request for access to a record contained in a police docket if —

(i) the request is made after the case has been finalised (including any appeal or review in the case) or the docket has been closed for whatever reason; and

(ii) SO (G) 281 does not apply to the request.

(7) A RECORD WHICH CONTAINS INFORMATION ON THE PHYSICAL OR MENTAL HEALTH, OR WELL-BEING OF AN EMPLOYEE

(a) The Act defines a **health practitioner** as follows:
"an individual who carries on, and is registered in terms of legislation to carry on, an occupation which involves the provision of care or treatment for the physical or mental health or for the well-being of individuals".

(b) Any request for access to a record or report which contains information on the physical or mental health or well-being of an employee which is in the possession or under the control of the Service, must be submitted to the relevant Deputy Information Officer, who will deal with it in terms of the Act and, where applicable, in terms of section 30 of the Act.

(c) If the requester **IS NOT** —

(i) the employee to whom such a requested record or report relates; or

(ii) acting on behalf of the employee to whom such a requested record or report relates (eg, the requester is not the employee's legal representative or not a person who has written authorization from the employee to act on his or her behalf, etc),

the Deputy Information Officer will deal with such a request in terms of the provisions of the Act. In such a case, the employee to whom such requested records or reports relates, is the "third party" (eg, the SAPS 512(n) must be completed, the R 35,00 request fee is payable, the third party will be notified, etc).

(d) If the requester **IS** —

(i) the employee to whom such a requested record or report relates; or

(ii) acting on behalf of the employee to whom such a requested record or report relates (eg, the requester is the employee's legal representative or a person who has written authorization from the employee to act on his or her behalf, etc),

then the following procedure will be followed:

(i) If the health practitioner **DID NOT CERTIFY OR STATE** in writing whether the disclosure of the record or report to the employee to which it relates might or might not cause serious harm to his or her physical or mental health, or well-being, the Deputy Information Officer will —

(aa) request the requester that the person to whom the requested record relates must nominate or identify a health practitioner — *(This is done by completing the SAPS 512(p) of which part A and C will be deleted or scrapped, and by submitting the completed form to the requester)*; and

(bb) after a health practitioner has been nominated or identified by the person to whom the requested record relates, consult with such health practitioner on whether the disclosure of the record or report to the person to which it relates might cause serious harm to his or her physical or mental health, or well-being — *(This is done by completing and submitting the SAPS 512(q), together with a copy of the relevant medical record or report to the identified or nominated health practitioner).*

(ii) If the health practitioner **DID CERTIFY OR STATE** in writing whether the disclosure of the record or report to the employee to which it relates might or might not cause serious harm to his or her physical or mental health, or well-being, the Deputy Information Officer will —

(aa) if such health practitioner stated or certified that the disclosure of the record or report to the person to whom it relates **would not be likely** to cause serious harm to his or her physical or mental health, or well-being,—

- ❑ inform the requester in writing of the health practitioner's opinion and attach a completed SAPS 512(e) to inform the requester of the prescribed fees that are payable before access

will be given; and

- ❑ after proof of payment of the prescribed fees is received, provide the requester with copies of the requested record or report;

(bb) if such health practitioner stated or certified that the disclosure of the record or report to the person to whom it relates, **would be likely** to cause serious harm to his or her physical or mental health, or well-being, —

- ❑ inform the requester in writing of the health practitioner's opinion and attach a completed SAPS 512(p) — *(In the SAPS 512(p) the requester is requested to nominate or identify a counsellor who will be responsible for such counselling or arrangements as are reasonably practicable before, during or after the disclosure of the record or report to limit, alleviate or avoid such harm to the relevant person).*

(iii) If a counsellor has been identified or nominated, the Deputy Information Officer will —

(aa) inform the requester in writing that a copy of the record or report will be submitted to the identified or nominated counsellor after proof of payment of the prescribed fees is received;

(bb) attach a completed SAPS 512(e) regarding the prescribed fees that are payable; and

(cc) after proof of payment of the prescribed fees has been received, refer the relevant record or report to the nominated or identified counsellor by completing and submitting the SAPS 512(r) together with a copy of the relevant record or report — *(in the SAPS 512(r) the nominated or identified counsellor is requested to provide such counselling or arrangements as are reasonably practicable before, during or after the disclosure of the record to limit, alleviate or avoid such harm to the person to whom the record or report relates, and such counsellor is informed that he or she may disclose the relevant record or report at a time which he or she deems fit).*

(8) PUBLIC BODIES

(a) In terms of the Act, a "public body" is excluded from the definition of "requester". A public body is defined as an institution exercising a public power or performing a public function in terms of legislation. A "public body" may, therefore, be regarded to be the same as a "state organ" or "government body".

(b) The Act does not apply when a public body requests access to records from another public body. A request for access to a record from another public body is considered as an interdepartmental

request for access to a record in the possession of another organ of state, namely the Service.

(c) The official *(not the deputy information officer)* under whose control the record is kept and who is responsible for dealing with the matter to which the record relates, will —
   (i) consider the request; and
   (ii) decide whether or not a copy of the record may be provided to the public body concerned.

(d) If it is **decided not to provide** a copy of the record, the requesting public body will be informed of the decision. If it is **decided to provide** a copy of the record, this will be done free of charge. A public body, therefore, does not pay any request fees or access fees.

(e) The SAPS 512(n) Request form or Form A, as published in the Regulations to the Act, must not be completed.

(f) The responsible official will ascertain whether the requester is a public body. A request by a public body written on a letter head of such body may be accepted as proof that the request is made by a public body. If a public body subcontracts another person (eg, as an assessor or agent), the letter in which the subcontractor is instructed by the public body to act on behalf of that public body may be accepted as sufficient documentary proof that the request is by the public body concerned.

(9) SECTION 102 INQUIRY IN TERMS OF THE FIREARMS CONTROL ACT, 2000 (ACT NO. 60 OF 2000)

(a) In terms of section 102 of the Firearms Control Act, 2000 (Act No. 60 of 2000), the National Commissioner may declare a person unfit to possess any firearm on any ground specified in that section. To determine whether such a person is unfit to possess an arm, the Service holds an inquiry at which such a person may advance reasons why he or she should not be declared unfit.

(b) A section 102 inquiry qualifies as an administrative action which may materially and adversely affect the rights or legitimate expectations of the person against whom such an inquiry or investigation is held. The Service will, therefore, apply the provisions of section 3 of the Promotion of Administrative Justice Act, 2000 (Act No. 3 of 2000), and not the provisions of the Promotion of Access to Information Act, 2000 (Act No 2 of 2000). The request must, therefore, not be forwarded to the Deputy Information Officer.

(c) An affected party or person may request access to records or copies of certain records (eg copies of statements of other parties, etc) in the possession or under the control of the Service. Such records may contain allegations which the Service intends to hold against the affected party. Access to such records or copies thereof must be provided to the affected party free of charge a reasonable time before the inquiry to enable him or her to prepare to answer to the allegations.

5.4 FEES PAYABLE

The Promotion of Access to Information Act, 2000 (Act No. 2 of 2000): Regulations [as published in the Gazette (No. 23119) of 15 February 2002 (Government Notice No. R.187 of 15 February 2002], prescribe the fees payable in order to access information.

(i)	If —	

- the search for a record of which a request for access by a requester, other than a personal requester, has been made; and
- the preparation of the record for disclosure require more than six hours, the information officer must by notice require the requester, other than a personal requester, to pay as a deposit one third of the access fee which would be payable if the request is granted.

The actual postage is payable when a copy of a record must be posted to a requester.

5.5 MANNER OF REQUESTING ACCESS TO RECORDS

(1) PROVIDE A COMPLETED REQUEST FORM TO THE RELEVANT DEPUTY INFORMATION OFFICER

The National Commissioner: South African Police Service, appointed a National Deputy Information Officer and designated a deputy information officer for each division, province and police station to assist him in the administration of the Act. (See paragraph 3 "CONTACT DETAILS OF DEPUTY INFORMATION OFFICERS")

The requester must complete a request form (either the SAPS 512(n)-form or Form A of the Regulations to the Act may be used for this purpose) and the deputy information officer must assist the requester with the request for access to ensure that the request complies with the requirements of the Act.

The deputy information officer may not refuse the request if it is not fully or correctly completed. The deputy information officer will notify the requester by means of a Notice of Intended Refusal-form [SAPS 512(c)] of his or her intention to refuse the request. In such an event, the requester may then provide more detailed information regarding the request.

NOTE:
If the request is made on behalf of a personal requester, documentary proof of the capacity of the requester to make the request on behalf of another person must be attached to the form. Such documentary proof may, amongst other, be —

(a) a general or specific power of attorney and a copy of the client's ID / passport;
(b) a certified copy of the birth certificate of a minor and a certified copy of the identity document of the parent;
(c) the letter of appointment as the executor of an estate issued by the Master of the High Court, together with proof of identity in the case of a request on behalf of a deceased estate;
(d) where the request is made on behalf of a corporate body, a letter by an authorised person which authorizes the requester to make the request; or
(e) a copy of the page(s) of an insurance contract where the client have signed and where it is stated that the insurance company may act on behalf of the client.

If the person on whose behalf the request is made, has orally authorised the requester or by means of a letter to make the request on his or her behalf, the certificate at the end of paragraph C of the SAPS 512(n) form must be

completed by the person on whose behalf the request is made in the presence of a peace officer or justice of the peace who must also complete his or her part of the certificate.

The request form must be submitted to the relevant deputy information officer. If access is requested to an accident report or docket, such request must be directly submitted to the relevant deputy information officer of the relevant police station.

(2) TRANSFER OF A REQUEST TO ANOTHER PUBLIC BODY

The deputy information officer must transfer a request to another public body if the record is not in the possession or under the control of the Service and such a record is in the possession of the other public body or the record's subject matter is more closely connected with the functions of the other public body. The deputy information officer will inform the requester of the transfer by providing to him or her a duplicate original of the Transfer of Request-form [SAPS 512(l)] and the Decision on Dealing with Request-form [SAPS 512(d)].

(3) PAYMENT OF THE PRESCRIBED FEES

The deputy information officer will, upon receipt of a request for access made on a properly completed Request form, unless the request is transferred, complete the Notice of Fee Payable-form [SAPS 512(b)] and provide it to the requester. The requester is informed in this manner of the request fee payable (only where applicable) and the place where the fee must be paid, before the request will be processed any further.

A person is exempt from paying the request fee if such person —

(a) is a personal requester ("personal requester" means a requester seeking access to a record containing personal information about himself or herself and it includes the person acting on behalf of the personal requester);
(b) requests information which is already in the public domain; or
(c) is exempted by the Minister of Justice and Constitutional Development by proclamation in the Gazette from paying a fee.

The fee may also be paid by deposit into the bank account of the Service and the banking details are as follows:

ABSA Bank, Pretoria
Branch Code: 632005
Account Number: 4054522787
Type of account: Cheque Account

(the reference number on the top left side of the SAPS 512(b) or SAPS 512(e) form must be used as the relevant reference number. The receipt must be submitted to the deputy information officer concerned as proof of payment.

(4) DEALING WITH THE REQUEST

(a) DETERMINE WHETHER THE RECORD EXISTS AND IS AVAILABLE

The deputy information officer will identify the relevant person (line manager) who is responsible for the requested record and forward

such a request to the line manager concerned. The line manager will determine whether the record exists and is available.
If a requested record cannot be found or does not exist, the deputy information officer will in an affidavit or in a statement under affirmation give a full account of all steps taken to find the record in question or to determine whether the record exists including all communications with every person who conducted the search on behalf of the information officer. The deputy information officer will then complete the Decision on Request for Access to a Record-form [SAPS 512(e)] and submit it, together with the said affidavit or affirmation, to the requester notifying him or her that the record cannot be found or does not exist.

(b) INFORM THE REQUESTER WHETHER THE REQUEST HAS BEEN GRANTED OR REFUSED

The deputy information officer will complete the Decision on Request for Access to a Record-form [SAPS 512(e)] and submit it, subject to the provisions of the Act, within 30 days after the request has been received, to the requester, notifying him or her —

- that the request for access has been granted (or refused with the reasons for the refusal);
- of the form or medium in which access will be granted;
- of the access fee which is payable; and
- that he or she may lodge an internal appeal in the event of a refusal and of the procedure and time period within which the internal appeal must be lodged.

A request for access must be granted, unless it may be deferred or may be refused on the basis of a ground of refusal mentioned in Chapter 4 of Part 2 of the Act.

(c) DEFERRAL OF A REQUEST TO ACCESS

If access to a requested record may be granted, but the requested record —

- will be published;
- is required by law to be published, but is yet to be published; or
- has been prepared for submission to any legislature or a particular person, but is yet to be submitted,

the deputy information officer may defer access to the record.

If access to a record has been deferred, the deputy information officer will —

- determine on what date the record will be published or be submitted to a legislature or a particular person;
- complete the Decision on Dealing with Request-form [SAPS 512(d)] and submit it to the requester notifying him or her that —
  - he or she may have access to the requested record but only from the date stipulated in the Notice [SAPS 512(d)] (this date must be the date on which the record will be published or be submitted to that legislature or that particular person); and
  - he or she may, within 30 days after the Notice,

make representations to the deputy information officer that access to the record should not be deferred.

The deputy information officer will notify the requester that access will be deferred or not by completing the Decision on Request for Access to a Record-form [SAPS 512(e)] and submitting it to the requester.

(d) EXTENSION OF PERIOD

The deputy information officer to whom a request for access has been made, may extend the original period of 30 days once for a further period of not more than 30 days if —

(i) the request is for a large number of records or requires a search through a large number of records and compliance with the original period would unreasonably interfere with the activities of the Service;

(ii) the request requires a search for/or collection of records at an office of the Service not situated in the same town or city in which the office of the deputy information officer dealing with the request is situated, and the request cannot reasonably be finalised within the original period;

(iii) consultation among parts of the Service or with another public body is necessary or desirable to decide upon the request and such consultation cannot reasonably be completed within the original period;

(iv) more than one of the circumstances contemplated in subparagraphs (i), (ii) or (iii) exist in respect of the request making compliance with the original period not reasonably possible; or

(v) the requester consents in writing to such extension.

If a period is extended, the deputy information officer will notify the requester of that extension by completing and forwarding the Decision on Dealing with Request-form [SAPS 512(d)].

(e) THIRD PARTIES

When the requested record relates to a third party ("third party" means any person other than the requester concerned and a public body - it may also include the government of a foreign state, an international organisation or an organ of that government or organisation to whom the record relates), the deputy information officer must inform such a third party of the request. The third party may in writing submit representations that access to the record not be granted to the requester. The deputy information officer will —

(i) consider any representations received within 30 days from a third party after such third party had been informed of the request;

(ii) in consultation with the relevant line manager and the relevant legal services, decide whether access should be granted to the requester; and

(iii) complete a Decision on Request for Access to a Record

relating to a Third Party-form [SAPS 512(g)] and submit it to all third parties involved.

A third party may lodge an internal appeal (by completing and forwarding to the deputy information officer a Notice of Internal Appeal-form, SAPS 512(o), or Form B of the Regulations) against a decision to grant access and the deputy information officer must deal with the internal appeal.

If a third party does not lodge an internal appeal within 37 days after having received the said notice, the deputy information officer will grant access to the record if no other ground for refusal exists.

(f) INTERNAL APPEALS

The requester may lodged an internal appeal (by completing and forwarding to the National Deputy Information Officer a Notice of Internal Appeal-form, SAPS 512(o), or From B of the Regulations) against —

- fees payable;
- the extension of a period;
- the form of access; or
- the refusal of a request to access of a record.

The appellant must attach a copy of his request that he or she had submitted, proof of submitting such request, all relevant documents and must state the grounds upon which the internal appeal is based.

The National Deputy Information Officer deals with the internal appeals and she or he will submit it to the Minister for his or her decision.

Where an internal appeal relates to a third party, the requester and the third party concerned will be informed of the outcome of the appeal.

A requester or third party who is dissatisfied with the outcome of the internal appeal may within 180 days submit an application to court for a final decision. If no such application is filed within that period, the Minister's decision will be adhered to. If an application is filed at a court, the outcome of the court case will be awaited.
