SAPS Education Trust

I am honoured to be a recipient of funding from the SAPS Education Trust. Your generous support is helping me to fulfil my lifelong dream of becoming a Civil Engineer. Without donors like you, many students would be unable to pursue the career of their dreams.

I have since managed to complete the theory part of my studies through the help of the trust fund. My plan at this stage is to do in-service training in order to complete my studies. Thanks to generous organisations such as yours; my dream is now within my reach.

Sincerely, Amukelani Rivombo

I would like to thank **SAPS EDUCATION TRUST** for offering me a bursary; it is an opportunity which only comes once. The passing of my dad broke my heart and I thought it was the end for me instead SAPS supported me financially. Tsholofelo Charity Mankanye.

Greetings, I would like to express my deepest gratitude for your assistance in helping me achieve my academic goals. May you continue to assist and reach out to all those, whose family members have served in the SAPS. I hope that you will continue to fund those who wish to further their studies just as you did with me. I would not be able to do what I do had it not been for the wonderful work that is done by members of the SAPS. You have eased a tremendous financial burden and have allowed me to continue living a decent life after the trauma of losing a loved one.

Once again I thank you dearly and I will forever be indebted to you for the support and guidance you have provided me with.

With gratitude, Phomolo Hlalele

As a bursary holder, I would like to extend my sincere hard-earned gratitude's to SAPS trust fund sponsor that I received in 2013.

After sudden death of both my parents, the situation was hard enough to deal with since my brother and I were still students at institutions of higher learning.

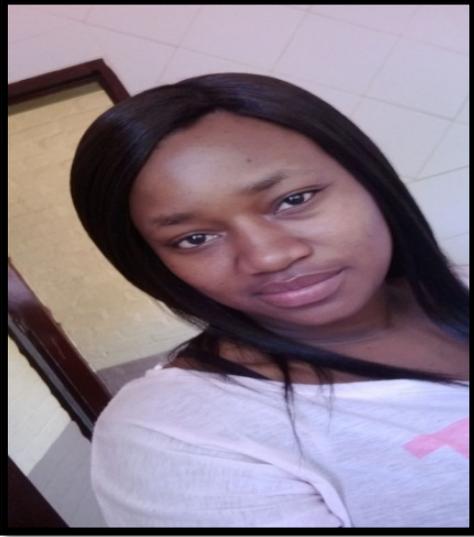

At our age, most of our parent's death benefits were forfeited as per recently updated policies of the government and thus posing an extremely difficult financial situation for us as a family. The bursary came in handy since our pillars of source of income were shut-off for us, it was not only a financial relieve but also served as motivational moral to continue with my studies and gave me hope in life.

I am very much grateful of all the sponsors that contributed in the SAPS Trust Fund for the help of disadvantaged children like us for the betterment of our future.

Hoping that the SAPS Trust Fund will continue opening doors for future generations

Regards
